

Shirley Gutowski Will Head March

Mrs. Shirley Gutowski, of 489 Crest Lane, Antioch, has been named chairman of the 1969 Mothers' March in Antioch for the March of Dimes.

The appointment was announced by John S. Dean, general campaign chairman.

As chairman, Mrs. Gutowski will recruit a feminine army of marching volunteers to conduct the 1969 door-to-door appeal.

The Mothers' March on birth defects will take place Jan. 28 as a climax to the month-long drive for funds to prevent more than

1,000 types of birth defects that strike more than 250,000 infants each year.

"Thanks to March of Dimes research, 80 per cent of all birth defects can be treated and often completely corrected," Mrs. Gutowski said.

"That is why the March of Dimes has established a national chain of treatment centers. Funds must be made available to keep the doors of those centers open."

Mrs. Gutowski, who has been active in the Mothers' March in past years, is also a member of

the school board and president of St. Peter's Altar and Rosary Society.

She and her husband, Bernard, a supervisor for Johnson Motors, have four children, Mike, 12, Tom, 10, David, 7, and Donna, 3.

Dean also announced the appointment of Richard D. Needham, of Deerfield, as Lake County chairman, Mrs. Dorothy Bauer, of Waukegan, as Wadsworth chairman, and Mrs. Bruce Summers, of Venetian Village as chairman for that area.

Brochure Shows Needs of County

A new brochure, "Lake County, The Quality of a Region," published jointly by the Regional Planning Commission and the Forest Preserve District is being distributed this week.

Purpose of the brochure is to point out the need for reserving open space for recreational and educational facilities in light of Lake County's expansive growth.

Population will be around 1,000,000 persons by the year 2,000. With more demands for outdoor facilities, the county's open space should amount to 50,000 acres in another 32 years.

Presently we have nearly 15,000

acres. Of that figure, only 6,500 acres is in state parks and county forest preserves. Another 4,600 acres is privately owned, the remaining 2,700 is dedicated to uses such as cemeteries or institutional grounds. In all, this comes to less than 5 per cent of the county's total land area set aside for open space.

Many natural areas unique to this region have already been lost to the public through utilization. Homes, farms, industries now stand where marshes and bogs, forests and plains once sheltered abundant wildlife and native vegetation.

Realizing the limitations of local and federal funds to acquire the land needed now, and in the future, the Regional Planning Commission and Forest Preserve District have suggested ways whereby residents may donate tracts for public use.

These include a life estate, where the owner retains use of the property during his or her lifetime; donation of acreage through an intermediate organization; outright gifts of cash, stocks, or developed real estate for purchase of public land; dedication of scenic easements; designation of certain property for particular uses, such as wildlife refuge, scientific reservation, natural park or educational center.

The brochure explains the forms of giving and the tax advantages to the donor.

Norman Drummond, Director of the Lake County Regional Planning Commission, said Lake County has many scenic and beautiful areas. Without the concern and generosity of the people now living here, these areas will be destroyed. In the booklet we have tried to make the point that generosity often has monetary as well as great personal rewards.

President C. Robert Whiteside of the Forest Preserve District Board of Commissioners said, "We hope that distribution of this brochure will open up new areas for public access in our county. We feel confident that many land owners will want to contribute to our growing open space program, which benefits all residents."

A quotation from the magazine "Nature Conservancy" brings into sharp focus the need for setting aside some of what re-

K of C Will Pack For Vietnam

Members of the Knights of Columbus Council No. 3800 will meet at 8 p.m. Nov. 19 at the American Legion Hall where, together with their wives and several members of the Post Office and other citizens, they will pack and wrap packages for Project Vietnam.

Since this will be the Christmas package, Project Vietnam hopes to be able to send many goodies to our boys from the Antioch area that are serving overseas.

Through this project, Antioch keeps in touch with its men in Vietnam by sending a package at least once each month.

In the past 21 months almost 4,000 packages have been sent to the servicemen from the area.

This community effort is supported entirely by voluntary contributions left at the post office by Antioch citizens.

Recent donors include the following:

State Bank of Antioch, Janice and Felicitas Licpins, Mr. and Mrs. Robert Hart, Mr. and Mrs. Ernest Glenn, Eugene and Agnes Simonsen, John and Joanne K. Miller.

Antioch Man, 29, Dies In Blazing Residence

William Barnstable, 29, died Monday night in a fire that broke out in the second floor of his father's home on Lane Avenue in Crandall Subdivision at Lake Catherine.

Barnstable, according to authorities, was trapped in the smoke-filled house while attempting to get out through a bedroom leading to a porch roof.

He was found face down on the floor by Volunteer Fireman Jerry Staffon, who had broken through the window and carried out the body.

The Antioch Rescue Team administered oxygen but their efforts were fruitless.

Barnstable was rushed to the office of Dr. Edward Abderhalden, but was dead on arrival.

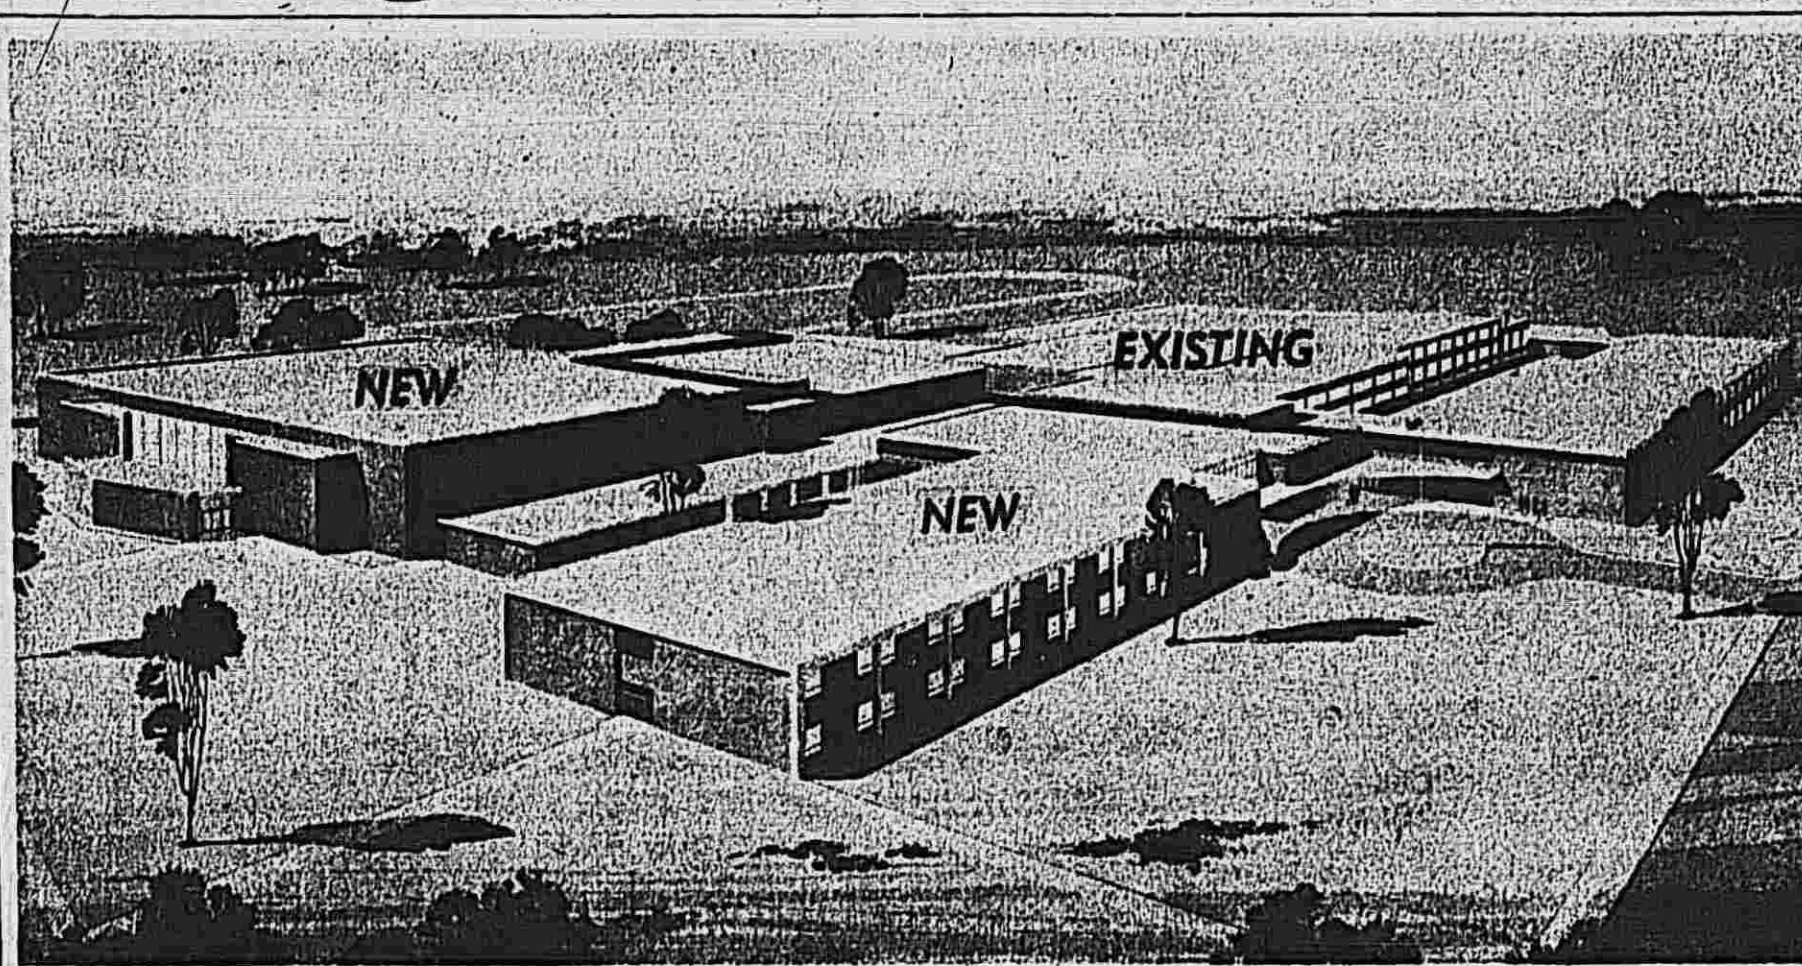

The fire apparently started in the upstairs bedroom and was confined to the bedroom and attic area of the home.

There was considerable damage from water and smoke.

Fire Chief Charles Maplethorpe said officials believe Barnstable was in the room when the fire started. He added that an investigation is under way to determine the cause of the blaze.

The chief said some part of the upstairs had been scorched by the flames and the lower part of the house was damaged by water.

The fire was discovered by William E. Barnstable, Sr., who was returning from work at 4:45 p.m.

Schedule Eye Test Program

The Lake Region Jaycees and the Better Vision Institute are launching an all-out campaign to detect amblyopia, a leading cause of partial blindness in children. Ron Foresman, project chairman for the Lake Region young men's civic group, indicated that today this little-known condition threatens the sight of one in every twenty American children.

The free screening is slated for November 30, 1968 in the Antioch High School Cafeteria, and will be conducted by trained Jaycees under the supervision of one of the local optometrists, Dr. Albert Buear.

"In recent years, we have learned that amblyopia is mainly preventable, but tragically, because so few parents are aware of the danger, we are still finding only a small fraction of these children in time to safeguard their vision," Dr. Buear said.

Amblyopia is a condition of reduced or dim vision in an eye which appears to be normal. It occurs when the two eyes do not see the same thing with the same degree of clarity, and the poorer eye is not stimulated to develop or maintain clearness of vision. Amblyopia is not usually caused by a disease process and can generally be improved if discovered early enough, such as before the age of six.

If the treatment is begun at the age of three, it is much faster and more successful than after that age. Treatment can be

Bond Referendum Vote Saturday

Good education for girls and boys cannot take place in crowded classrooms and inadequate facilities.

This is basically why the Antioch High School Board of Education is asking for a favorable vote on the Nov. 16 building bond referendum.

Residents of the district will troop to the polls Saturday from 12 noon to 7 p.m.

The Antioch High School area is developing rapidly and how it develops depends on the voters.

Prestige communities, attractive to the best in residential, business and industrial development, are in every instance built around good schools, the board points out.

The board officials said it had studied the educational needs of the Antioch area thoroughly and arrived at a sensible plan for meeting these needs.

Classrooms are essential to

any educational program, the board said, but special areas are also needed in order to have the kind of education that society demands today.

To meet the rapidly changing conditions of our modern society, the bond referendum includes a new addition and remodeling and renovation to the 1915, 1927 and 1952 facilities, the board pointed out.

Eighteen new classrooms plus important special areas are a part of the new construction. The special facilities consist of a library-resource center, multipurpose student commons and a gymnasium with six teaching stations for student physical fitness

and health activities.

Additional classrooms, adequate special areas and remodeling will enable the teaching staff to use new teaching methods.

The cost to the taxpayer is small, the board points out. It will increase taxes 20 1/4 cents for each \$100 of assessed valuation based on present total assessments.

In this district, a home is assessed at about 55 per cent of market value.

This means that if your home has a market value of \$20,000, it is assessed at \$11,000. In this case your additional taxes would be \$22.28 a year—or about \$1.85 a month.

Con-Con Approval Indicated By Vote

Unofficial vote totals indicate that Illinois voters have approved the calling of a constitutional convention, according to officials of the Illinois Committee for Constitutional Convention.

Kingman Douglass, Jr. and William J. Kuhfuss, co-chairmen of the campaign committee, estimated that 2,495,000 voted "yes" on the Blue Ballot at the Nov. 5 election. On the basis of an estimated total vote of 4,525,000 Con-Con will receive approximately 232,500 more votes than required for adoption.

Douglass and Kuhfuss emphasized that the overwhelming vote "came from all over the state—from big metropolitan areas, the suburbs, small towns and rural Illinois."

"The most significant thing about this great victory is the support for a constitutional convention is virtually uniform throughout the state. Downstate and Cook County joined together to give strong backing to the referendum," the co-chairmen added.

Samuel W. Witwer, general counsel for the Illinois Committee for Constitutional Convention, who has been closely associated with Blue Ballot campaigns for many years, said that the percentage of "yes" votes is "the clearest indication we have had that the people of Illinois are ready for realistic constitutional reform."

Witwer pointed to the "unprecedented number of people who took the time and the trouble to vote on the Blue Ballot. The overwhelming margin by which they voted 'yes' demonstrates

the awareness and the concern citizens of Illinois have for the progress of our state."

Douglass and Kuhfuss credited the work of the more than 70 civic organizations participating in the campaign, along with both political parties, and the communications media, for the victory.

"Without the support of political leaders and the precinct activity of workers in both parties, we would have had a difficult time. The sincerity of both political parties was evidenced by their platform planks, their financial support, and their willingness to set aside partisan differences in behalf of the Blue Ballot."

The chairmen also had plaudits for the work done by local committees throughout the state.

Investigate Alleged Bank Embezzlement

Examiners from the office of the commissioner of state banks and trust companies have discovered irregularities at the State Bank of Richmond in McHenry County, it has been disclosed.

Roland W. Blaha, head of the office, said in Springfield that his office was investigating alleged embezzlement at the bank.

Blaha said the irregularities were found during a routine inspection of the bank, but as yet it is not known how much money is involved.

The bank is capitalized at \$4,000,000 and Blaha said the bank is in fine shape.

"Any loss is more than covered by the bond," Blaha said, "and it is up to the bank on whether or not they want to prosecute."

Empty Chairs

We are rather disturbed at those who are crying out that "home-rule" has left us and "we are being taken over by the big, organized, Federal Government."

What we are wondering is if the citizen really cares and if he doesn't who are the ones who are crying out.

The reason we make this point is the lack of participation by the local citizenry in their local government.

We have been covering the village council meetings for about a year now and we are taken aback when someone says "they did it to us again. We have been had."

We haven't seen anyone at the board meetings except for the village fathers and their employees and one or two newspaper men.

It would be refreshing if some of those who cry out the loudest would only attend the meetings—they don't have to speak.

But it would seem to us that if you are going to cry about the way things are going—you at least should be in on the ground floor to watch what is being planned and formulated.

There are an awful lot of empty chairs at the council meetings that need filling.

And for those of you who do show up to push forth a special interest or a plan, stay awhile. You don't really have to leave when your problem or plan has been disposed of.

Then, at least, you will be able to say that I saw basic government in action.

And if it doesn't suit you—change it at the polls the next time around.

But you will never know the difference if you stay away.

Support Needed

The holiday season is fast approaching—and there is still much to be done.

But in the hurrying to purchase the gifts for Uncle Ned and Cousin Sue, we hope that all of us can pause for a moment and remember our servicemen in Vietnam and other places throughout the world.

One way to make sure that no one from our area will be left out is to contribute to Project Vietnam.

We know that you have special favorites that you send special boxes and greetings to, but all of these kids who are fighting to preserve our freedom are worth a special effort.

There are those who think that the war in Vietnam should not be fought—but it is being fought just the same.

Therefore we ask you to give a little to the project.

Bring a little bit of home into the life of a lonely serviceman who may think that he is forgotten in that jungle area across the seas.

We know that he will appreciate it.

And it will give you a good feeling too.

By Lou Durkin

Last week's election went much as expected in Lake County with Republicans carrying all local offices and carrying substantial margins into the state-wide races.

Record voter turnouts in almost every precinct surprised some observers who had opined that there was little apparent interest in the campaign because of rather lackluster candidates at the heads of both national tickets.

The late surge by Vice President Humphrey apparently spurred Republican precinct committeemen to step up their efforts to "get out the vote" with the result that returns were heavy in all areas of the county.

Jack Hoogasian, who will move into the State's Attorney post succeeding his present boss, Bruno W. Stanczak, occupies a unique position in the county government because he is the only official outside the judiciary from Waukegan, the county seat and largest city in the county.

Hoogasian, who overwhelmed three other candidates in the GOP primary in June, is expected to take a more active political role than Stanczak has done and could well assume a position of party leadership.

Orville (Pat) Clavey, who breezed to his second term as coroner, is also willing to assume the mantle of party leadership which could create some interesting situations in the Republican ranks.

Clavey is making no statements at this time, but it is no secret that he has ambition to move forward in politics and it would come as no surprise if he were to start campaigning now for the Sheriff nomination in 1970.

Lake County, which has frequently been regarded as a stepchild in Springfield, should fare better under Gov. Richard Ogilvie than it has in the past, but favor-seekers will no doubt take a different route to the Executive Mansion than they have in the past.

Specifically State Representative John Conolly will be the man to see along with State Senator Robert Coulson because of their active support of Ogilvie in the

The lack of communication between the adults and teens was discussed at great length, as well as race relations in Antioch touched on lightly.

The only criticism of the program was, "too short." Parents had a chance from the floor to question or make statements.

The color guard did their usual proficient job of presenting the colors and the parents were delightedly entertained by the "Singing Choir" under the direction of Ralph Brooke.

Parents were urged to come out to vote for the School Referendum on Saturday, Nov. 16th as well as to support the "A" Club and the PTA Benefit Basketball game the same day.

American Education Week Nov. 10-16

This is the 48th observance of American Education Week in the State of Illinois. The National Sponsors are the American Legion, the National Education Association, the National Congress of Parents and Teachers, and the United States Office of Education. The Governor of the State of Illinois has proclaimed this week one of tribute to the schools of the state. It has been so proclaimed by the Mayor of the Village of Antioch, Ray Toft, and by the Antioch High School superintendent, Albert Dittman, as a week in which parents are urged to visit their American schools. The theme for the week is "America Has a Good Thing Going—Its Schools." A special theme is used each day. On Sunday, we should stimulate Moral and Spiritual values. On Monday, Veterans' Day, we should pay tribute to Strengthening the Nation. On Tuesday, aspire to quality teaching. On Wednesday, Provide Equal Opportunity. On Thursday, Foster Lifelong Learning. On Friday, Promote Economic Prosperity. On Saturday, Strive for Healthy Personality Development. Once upon a time, not so long ago, a student went to school and learned enough to last a lifetime. But, nowadays, anyone who stops learning at any age is a drop-out. So say the sponsors of American Education Week scheduled for observance in the Antioch Community High School, November 12-15. This is the annual Visit-the-Schools week in which more than 30 million parents participate. Most teachers nowadays, according to many, try to teach youngsters techniques for learn-

ing, rather than just facts, since the facts the students learn may be obsolete 10 years from now. Thousands of young adults have already realized this. Each year about 25 million of them go into adult education activities, mostly of a vocational or recreational nature. By and large, these adult students are already well educated. Statistics show that a college-educated executive, housewife, or professional person with a family income of more than \$7,000 a year is six times more likely to be in an adult education program than is a grade-school-educated, blue-collar worker with an annual income of \$4,000. Statistics like these show a need for schools to instill in those least likely to go to College a love for lifelong learning, as they are the ones who probably could profit most from formal adult courses in later years. It is hoped that each adult will set aside one day and make a special effort to visit in one of our American Schools during this week.

LCCA Hosts Conference

An Industrial Education Conference was held in the Auditorium of the Waukegan Public Library Oct. 22. The Lake County Council on Alcoholism was host. Ray Eggert, Staff Supervisor of Illinois Bell Telephone Company and Paul Petrie, Medical Director, addressed the group representing Business, Industry, Hospitals and Organized Labor. They described Illinois Bell's policy and program dealing with the problem of Alcoholism in that Company. Alcoholism is dealt with as is any other health problem among employees. Early detection on-the-job and early treatment are producing excellent results. The meeting was led by James McCoy of Abbott Laboratories. Abbott is one of the few Lake County employers with an enlightened and modern approach to the costly problem of alcoholism in industry. The meeting was planned and executed by Frank B. Greenleaf, Public Relations Representative of United States Steel Corporation. Mr. Greenleaf is chairman of the Council's Committee on Employer Education. Mr. Petrie is also president of the Chicago Council on Alcoholism. A question-and-answer period followed the showing of the film, "A Time for Decision," and the two talks. Questions were handled by a panel of knowledgeable persons, representing all facets of the community.

Mrs. Alice Ludington, of RFD 1, Grayslake, has been indicted by a federal grand jury on charges of embezzling \$8,600 from a labor union. Major John L. McCormick, Chief of the Military Affairs Branch, Staff Judge Advocate, Fifth Army at Fort Sheridan, gave an address Tuesday to the Antioch Area Chapter No. 387 (AARP). Legion Auxiliary

By Del Jahneke

At the November 8th meeting of the Antioch American Legion Auxiliary, held in the Antioch American Legion Home, a good many programs were accomplished. A contribution of \$10 was voted for the Vietnam Post Office Project, through Mrs. John W. Horan, Jr., National Security Chairman. Another donation was made to the spending money fund for the children at Harbor Cottage, at the Illinois Sailors' and Soldiers' Children's School at Normal. Antioch Unit has also requested the 10th District Auxiliary for the sponsorship of a I.S.S.C.S. child, states Mrs. Walter Hills, Child Welfare Chairman. Since there are usually more requests than there are children, many units cannot sponsor a child. The Antioch Unit will hold a public Sandwich Bar Card Party on Nov. 18th at 8 p.m., at the American Legion Home. General chairmen are Mrs. Bernard Stadick, Mrs. Frank Kennedy, Sr., and Mrs. Bernard DeVries; Tickets: Mrs. J. W. Horan, Jr., and Publicity: Mrs. Edward Jahneke. All types of card games will be played. This card party is open to the general public. Mrs. Trudy Nelson, Membership Chairman, reported that 80 members have now paid their dues. The Antioch Unit must have 105 members to be 100 percent in their membership. Unit members are asked to send in their dues as soon as possible. Contributions were also sent to the Auxiliary Loan, Education & Scholarship Fund. There are two separate sections to this program—the Auxiliary Loan Fund, where eligible high school graduates may obtain a loan to further their education; and there are many scholarships available through their education and scholarship program. Mrs. John L. Horan, Sr., is the auxiliary loan chairman. Further information will be given at a later date. Card games were played after the meeting and refreshments were served by Mrs. Joseph Horton and her committee.

St. Peter's Begins School Evaluation

Keynoting their re-emphasis on quality education, the Sisters of Charity of the Blessed Virgin Mary at St. Peter's School are asking themselves: "How do we serve the needs of the contemporary world most effectively?" To find significant answers, they are asking faculties, students, parents, priests to join them in an immediate evaluation of each school in which they teach. Results of this evaluation will assist the sisters in determining future directions for their apostolic involvements. According to Chapter reports, this evaluation is imposed by cold facts: the immediate need for more sisters to enter newly emerging apostolic fields; the need for competent fully qualified teachers of religious education

and adult education; the realities that many sisters are reaching retirement age, that many are leaving religious life, and that fewer are choosing this form of Christian witness today. "It is a human problem we face with mathematical calculation," states the Chapter report. Projected at present is the inevitable curtailment of BVM sisters now teaching in schools and the equitable allocation for 1969 of faculty personnel to the 34 dioceses now being served by the congregation. The evaluation is intended to give all those affected by this measure the opportunity to make recommendations for school adjustments on the local level.

Why wait for a gas self-cleaning oven?

Go out and buy one.

The ranges good cooks have been holding out for are here. New gas ranges with self-cleaning ovens. (And everything else.)

The oven cleans itself automatically. Reduces dirt and soil to clean, white, wipe-away ash. And you can even vary the cleaning cycle according to

the amount of soil in your oven.

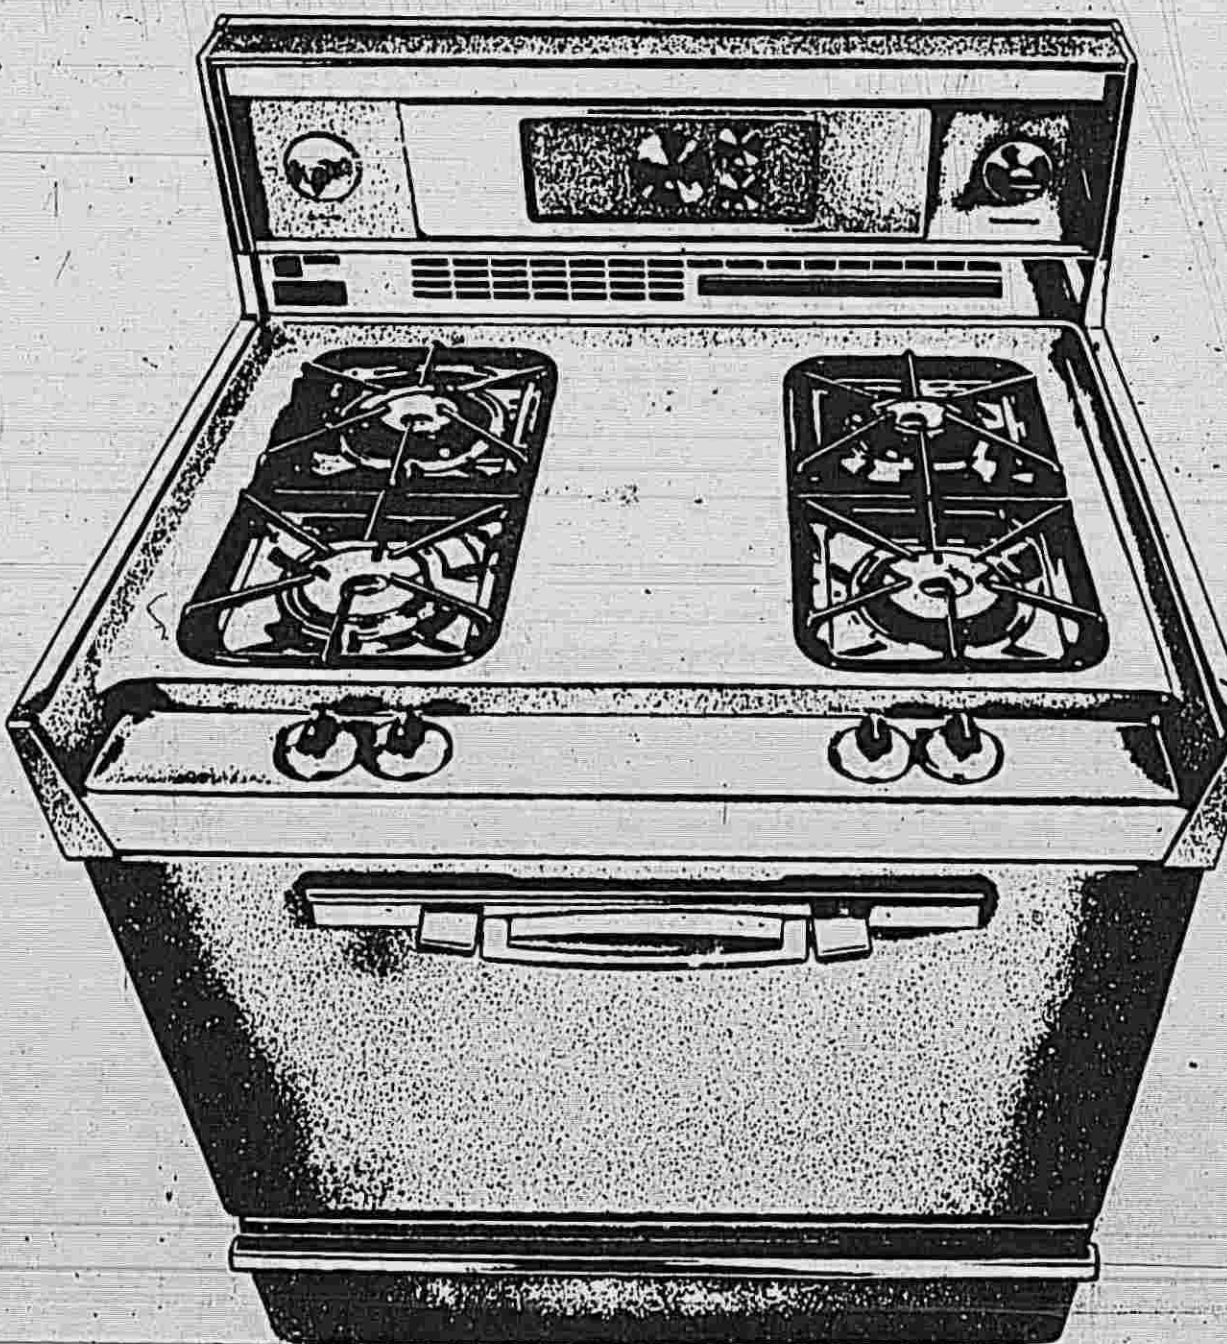

But that won't help you cook any better.

What will...are the features of gas ranges. Traditional ones, like precision control of every phase of top-of-stove cooking. And new exciting ones...like automatic cooking and gas infrared broiling.

(Gas infrared broiling units cook quickly...provide eye-appealing browning, too.)

See the new gas ranges with self-cleaning ovens at your nearest Northern Illinois Gas Company office or appliance dealer.

Hopes High For Wrestling Team

Antioch's Varsity and Sophomore Wrestlers are scheduled to meet Zion-Benton here on Wednesday, Nov. 27 at 6:30 p.m. The wrestling season will continue through December and January, with the last meet on Friday, January 31 with Irving Crown.

The week end of Feb. 7-8 will be the Conference Tournament, and the weekend of Feb. 14-15 will be the District Tournament.

This year's varsity wrestling team is bolstered by the return of five lettermen. Led by Wilfred Wells, already a three time letter winner, this year's squad hopes to improve on last year's second place finish and fourth place district showing.

Lettermen Gary Aerie, Terry Tripplett, Don Gaa and Chuck Hollocher will be aided by three sophomore champs: Larry Wells, Rick Nelson and Mike Ring. Other candidates for a spot on the twelve man varsity squad include: Larry Hart, Paul Lufos, Mike Patterson, John Prossie, Ron Ozga, Dewey Gardien, Lou Nielsen, Chuck Madsen, Jack Westman, Dave Strang, Roy Brausam, Rick Berger, Gary Lischewski and Chuck Hollocher.

"This year's squad will have at least half of last year's team returning and could be the best in recent years," reports varsity coach, Ted DeRousse. "I doubt if we will be able to match last year's 15 and 1 Dual Meet Record, but if we could be a better tournament team, that is what counts in wrestling. I feel that we have several boys who could develop into state contenders. Wrestling is one of the four

School Heads Discuss Future Co-Op Plans

An Elementary-High School Ar-
ticulation Luncheon meeting was
held at Antioch High School on
Tuesday, October 22. Superin-
tendents or representatives from
all Antioch area schools were in-
vited.

The superintendents felt the
Holiday vacation should be ex-
tended with schools reconvening
on Monday, January 6, rather
than Thursday, January 2, 1969.
After discussing the calendar
changes with their respective
Boards of Education, the super-
intendents will bring a report to
the next Articulation meeting.

Last year's grade school co-
operative involving 96 pupils
from Millburn, Grass Lake, Em-
mons, Antioch and St. Peter's
was successful and Harold Ro-
maine and Warren Polley were
authorized to prepare plans for
another Title I remedial reading
program to be held during the
summer of 1969 after approval by
the various boards of education.

Richard Whitacre presented a
brief report for 1968-69 school
term. Mr. Whitacre agreed to de-
velop a list of major common
supplies that can be purchased
for the term 1969-70 and the re-
port will be ready for the next
articulation meeting.

Guidance Director, Edward
Kurek, discussed a program for
incoming freshmen pupils. It
was agreed that eighth grade pu-
pils with special problems be
identified by the underlying grade
schools so that the students can
be encouraged to attend summer
school as a pre-requisite to high
school enrollment.

The next Elementary - High
School Articulation luncheon
meeting will be held at the high
school on Tuesday, Nov. 26 at
11:45 a.m.

LET'S BE SENSIBLE

We blame the President and
Congress for the colossal fiscal
mess this country is in, but—con-
trol of public spending rests with
the people who create public
sentiment and elect government
officials. Congress will never
practice restraint unless and un-
til the message comes through
loud and clear from the people
as a whole.

The Northern Illinois Gas Com-
pany had its annual Service Rec-
ognition dinner on Monday eve-
ning, Nov. 4. Guests of honor in-
cluded NI-Gas employees who
have marked 1968 service anniver-
saries of 25, 30 and 35 or more
years of service.

The event was held at the Ar-
lington Carousal in Arlington
Heights. Music for dining and
after dinner dancing was pro-
vided by Bob Crosby and his or-
chestra.

NI-Gas employees who were in-
vited to take their wives, hus-
bands or a guest, from this area
included Joseph Cusker, Fox

Computers Coming For Local Realtors

Technical work precedent to the
Waukegan-Lake County Board of
Realtors starting its computer
service to residents of this area
was held Monday, October 21,
with the arrival of specialists of
the Realtron Corporation of De-
troit which provides the techni-
cal services for the nationwide
Realtors Computer Service, Blase
J. Viti, president, reported.

"The specialists will work with
a committee of 11 members under
the chairmanship of Ed Surroz,"
he said, "in preparing the exist-
ing data to be fed into the com-
puter. During this period a map
will be prepared also which will
permit each of our members and
their sales people to locate all
properties that are offered for
sale through Realtor offices and
relay this current data into the
computer system."

Mr. Viti advised that it may be
about three months before the
local board will be prepared to
go "on line" with the computer.
During that time, he stated, data
processing instruments will be in-
stalled in the board's M.L.S. of-
fice and members will go through
a period of training in order to
use the computer most effectively.

Realtors Computer Service is
affiliated with the National As-
sociation of Real Estate Boards.
Mr. Viti said. The organization
makes the computer service
available nationwide through the
medium of local boards of Real-
tors of which there are 1,550 in
the United States. Thus the
members of the Waukegan-Lake
County Board of Realtors Multiple
Listing Service will become a
part of the most modern and ef-
ficient service in the marketing of
property and in helping home
seekers find exactly the home
which meets their needs.

If money grew on trees, a few
smart birds would still get most
of it.

Motorists Warned Of Winter Woes

Jerry Klebe, Executive Di-
rector of the Lake County Sa-
fely Commission today warned
Lake County drivers and pedes-
trians this is the last call to get
ready for winter.

"He pointed out that winter
doesn't mean just an oil change
and a check of the anti-freeze,"
Director Klebe suggested that

driver ask their serviceman to
inspect these things too:

TIRES—you need good tread to
bite and grip. Keep at recom-
mended pressure; lower pressure
does not improve traction, only
increases wear.

BRAKES—check and adjust if
necessary; uneven pull can
twist you into a skid.

WINDSHIELD—live wiper
blades, with proper arm tension,
prevents streaking. Check wash-
er solution. Make certain you
have a one to one anti-freeze
mix. Defrosters clear glass in
severest weather.

EXHAUST—inspect muffler
and tail pipe for leaks, deadly
in winter's wind-up weather.

BATTERY—cold saps battery

POPULATION EXPLOSION

We have several new babies to report about.

Mr. and Mrs. Gary (Barbara) Thompson of 2211 Streamwood, Gurnee are the proud parents of a 6 pound 14 ounce little boy, born October 12 at St. Therese Hospital. He has been named after his father, Gary Edward, Jr. The Thompsons have two little girls, Lisa Marie and Laurie-Jean. The maternal grandmother, Mrs. Elizabeth Kirby lives at 208 Valley Dr. The paternal grandparents, Mr. and Mrs. Marvin Walker reside in Waukegan.

Mr. and Mrs. Raymond (June)

Scheuer, 2315 - Carriage Lane, welcomed their first child at Highland Park Hospital on Oct. 14. Ion Thomas tipped the scales to 7 pounds 14 ounces at birth. His maternal grandmother, Mrs. Edward (Irene) Jasinski of Lublin, Wis., and the paternal grandmother, Mrs. Mae Schueuer lives in Boyd, Wis.

Mr. and Mrs. Karl (Connie) Barnard of 300 Beck Road became the parents of another little girl on October 19 at Victory Memorial Hospital. Janet Lee weighed in at 8 pounds 2 ounces. Her sister Catherine Dawn is three years old. The maternal grandmother, Mrs. Helen Mahridakis lives with the Barnards. The paternal grandparents live in New York.

Mr. and Mrs. Donald (Nancy) Barth of 2324 Carriage Lane welcomed their second daughter and third child at Victory Memorial Hospital on October 20. Marla Ann weighed 7 pounds 10 ounces at birth. Her brother Mark is 5½ years old and sister Margot is 2 years old. The grandparents are Mr. and Mrs. George Cederna of Waukegan and Mrs. Margaret Barth of Grant St., in Ingleside.

Con-Con Approval ..

(Continued from page one)

"The volunteers who worked so hard are the real winners. In the final analysis, the local workers are the ones who carried out the tedious educational process necessary for such an issue to win voter approval," the chairman said.

The next step must be taken by the Illinois General Assembly which will meet in January of 1969. The legislature will set the date and establish the procedure for the election of delegates, provide for staffing and housing the convention, and determine the starting date for the convention.

Con-Con campaign officials said that they would work to urge competent and qualified men and women to seek positions as delegates in order to assure that the convention will be a delegate body of the finest talent available in Illinois.

Within six months after the convention completes its work, its recommendations will be submitted to the voters for their approval or disapproval.

HALLOWEEN PARTY

Tracy Lynn Manuel had a wingding of a party to celebrate her fourth birthday on October 26. Since there wasn't any school on Oct. 18, the party was held that day. Twenty-five children dressed in Halloween costumes were greeted by Robert Manuel in a witch's costume.

VISIT FORMER PASTOR

Sunday, October 20, Mr. and Mrs. Robert Hammit of Venetian Village and Mr. and Mrs. Howard Spittle and their son, Jim of Lindenhurst, and the E. M. Jewel family and Mrs. Richard Otterson and her two children of Round Lake, were early risers and left their homes at 5 a.m. and drove 250 miles to Huntington, Indiana, where they all attended worship services at the First Baptist Church. The main reason for traveling so far, was to see their friend and former pastor, the Rev. Robert E. Prinzing and his wife. Rev. Prinzing was pastor of the Lakeland Baptist Church on Grand Avenue in Lake Villa before he was transferred about a year ago. To make sure he would be at his church that day, they contacted one of his children in this area, and then asked her not to tell her parents of their coming.

After attending church, they went to the pastor's home where they had their dinner. The four couples brought along a complete dinner. Fortunately they brought enough food, because the pastor was entertaining four missionaries. They arrived home about 7 p.m. Sunday night.

GRANDPARENTS

Marty and Dorothy Golden, 1808 E. Elmwood Drive became grandparents for the fourth time when their son Bill's wife, Marie, became the mother of a 5 pound 14 ounce little girl on Oct. 23, at St. Therese Hospital. She has been named Kary Ann. The Goldenes who just moved to Venetian Village, have two other little girls, Michelle and Dawn Marie. The proud maternal grandparents are Bob and Henrietta Okon of 1824 E. Hazelwood Drive.

Children's Halloween

Parade Winners

Orville Burkhardt Lyle Mercer and Mrs. Bernice Bernau, judges of the Lindenhurst Men's Club Children's Halloween Parade had difficulty choosing a winner in the different age groups last Thursday evening. At least 300 children competed.

Twenty-two month old Michael La Paglia was dressed as the Jolly Green Giant and received a dollar in the age one and two year olds. In the three and four year old classes, Susan Koziol was the winner. She was an exact copy of the "Flying Nun." Kelly Gibbons had the judges fooled when they didn't recognize her as a clown bum. She was entered in the five and six year old group. Kim Kempfer in the 7 and 8 year group was a beautiful flower. Kathy Sweeney was original and appropriate. She was a ballot box. She was the winner in the nine and ten year class. In the eleven and twelve year old group, Theresa Marsala won dressed as a cannibal. Snoopy wasn't there, but Linus was. Chris Taylor in a suit of long underwear (or were they pajamas?) with a flap door took the prize for thirteen-years old and over. Each winner received a dollar. In the finals, little Michael won three dollars, Susan Koziol, two dollars, and Theresa Marsala, a dollar.

Vegas night. NITE OWLS Although only eight of the twelve women in the Nite Owls Canasta club met at Mrs. Bert Harcege's house home recently, the group spent a most enjoyable evening playing parlor games.

The ladies came in Halloween costumes and prizes were awarded for best costume and for winners in the contests.

Outstanding speakers, businessmen and business educators from all parts of Illinois combined their talents in nine section meetings on Friday and seven discussion groups on Saturday.

CONFORMISTS

"For all their talks of being individualists," says the Union S. C. Times, "the hippies are anything but. They are conformists of the worst kind, segregating themselves physically in hippy ghettos, isolating their ambitions to self-indulgence, and confining their dreams to drug-ged nightmares."
